

# A STATE LEVEL BIOSCIENCES FEST

MARCH 03, 2018

"Contesting the Inquisitive Gene in You"

## COMPETITIONS ON

### POSTER PRESENTATION

**Theme: *Personale Curatio!***

Our Third State-level poster presentation competition, has its focal point on personalized treatment - tailoring health measures to an individual's unique defect or genetic makeup. The need to address the issue at the root cause could be the key to an effective treatment. We invite original and innovative ideas in Therapeutics/Diagnostics/Preventions.

Participation can be as an individual or in groups of not more than 5 individuals. Poster size not more than 30"x 40".

### BIOQUIZ

The quiz will focus on Biosciences.

Participation can be by teams of two students from different departments of an institution.

If more than six teams register, then there would be an elimination round prior to the final competition on the same day.

### DECODE THE CONUNDRUM

The Crossword will be on Biosciences with greater weightage on the theme of Personalized Therapy.

Participation can be by teams of two students from different departments of an institution.

**Registrations Online! Last Date of Registration: 24 February 2018**
