Meeting No. 9 of the Examination committee was held on 26th September, 2019 from 12.30pm onwards in the Board Room. The CoE welcomed the members to the meeting.

Need to establish a system for auditing of question papers

- Question papers are scrutinized by the board members but auditing needs to be done to check for errors
- Dr. Pandya opined that an exam grievance mechanism also needs to be put in-place

Outcome based education

- The course attainment of the programs offered needs to be calculated from this academic year
- The CoE informed that initially we will begin with the simple t-test. Then a process for calculating and mapping of outcomes needs to be developed

The committee also discussed the deterioration in the quality of supervision and decided to include management/self-financed staff for supervision

The CoE proposed the vote of thanks
