Presents a value added certificate course on**

GARDENING AND HORTICULTURE FOR BEGINNERS

“The glory of gardening: hands in the dirt, head in the sun, heart with nature. To nurture a garden is to feed not just the body, but the soul.” – Alfred Austin

We are hereby presenting a value added certificate course on the art of gardening and horticulture for beginners. The course will include all the basics of how to start gardening, how to propagate plants, how to preserve seeds, how to make compost using home and garden waste, pest control and much more.

Duration: 2 months (30 hours) Classes will be conducted on the weekends only

Date of commencement: August 2022

Eligibility: Anyone who has love for plants and nature can apply.

Course fees: INR 3500/- (Rupees Three thousand five hundred rupees).
